PROFILE

Passionate about networks and cybersecurity, I learn through hands-on projects (CTF, infrastructure). I am looking for an internship from 22 March to 25 June 2027.

SKILLS

- **Network administration: VLAN, RIP/OSPF/BGP, MPLS-VPN, VRRP**
- **Security: pfSense, Security Onion, vulnerability assessment**
- **Directory & services: OpenLDAP, BIND9, DHCP, PKI**
- **Virtualisation: Proxmox**
- **Systems: Linux, Windows Server**
- **Development: Python (sockets, PyQt5), HTML/CSS/JS**
- **Databases: MariaDB, SQLite**
- **Support & scripting: Active Directory, PowerShell**
- **Audit & CTF: Root-Me (web, privilege escalation)**

INTERESTS

- **Sport: climbing (2 years), weight training**
- **IT: CTF, tech watch**

MATHIS HALTER

3rd-year BUT Networks & Telecom (Cybersecurity) · Internship 22 March – 25 June 2027

PROFESSIONAL EXPERIENCE

April 2026 – June 2026
IT SUPPORT & SYSTEMS TECHNICIAN INTERN, RSM France | Colmar

- User support: troubleshooting, incidents, PC reimaging
- Asset management: laptop inventory, equipment for new hires
- Active Directory and DHCP (static IP, video room), VMs via RDP
- Novaxel scripts: batch backup of 3 TB of data
- SharePoint document library restructuring (PowerShell scripts)

July 2023 – August 2025
ASSISTANT HOTEL MANAGER, Fasthotel | Houssen

- Team coordination and guest reception
- Responsiveness and people skills in a fast-paced environment

EDUCATION

BUT (3-year university degree) | Networks & Telecommunications — Cybersecurity track
IUT de Colmar · 2024 – 2027 (3rd year in progress)

FRENCH BACCALAURÉAT (GENERAL) | Mathematics / Engineering Sciences
Lycée Général Saint-André
Honours (Mention Bien) · 2024

PORTFOLIO & PROFILES

LinkedIn: https://linkedin.com/in/mathis-halter-45b5b8385/
Portfolio: https://jordylooper.github.io/

CERTIFICATIONS

CCNA 1 (2025)
Skills block BC1: SIP client (Linphone) and SIP service

TECHNICAL PROJECTS

- **ONION ROUTING SYSTEM (SAE3.02)** — Anonymised communication with layered encryption (Python, sockets, MariaDB, PyQt5)
- **SAE4.CYBER.01 — ENTERPRISE NETWORK INFRASTRUCTURE** — Proxmox: pfSense, OpenLDAP/BIND9, Security Onion, Keepalived HA, Guacamole bastion, Postfix/Dovecot mail
- **ROOT-ME — CTF** — 100 % on 18 modules: web security (injection, IDOR, brute-force), Linux privilege escalation (SUID, hash cracking)
- **SAÉ 3.03 — MULTI-SITE NETWORK** — switched LAN (VLAN, VRRP), carrier core with RIP/OSPF/BGP and MPLS-VPN
